Foreign Aid Bill Gets Nod

WASHINGTON (AP) The Senate Foreign Relations Committee approved the administration's \$415-million foreign aid authorization bill today after rejecting policy riders opposing widening of the Viet Nam war.

After considering a letter from Secretary of State Dean Rusk, the committee voted 13 to 6 to reject an amendment by chairman J. W. Fulbright, D-Ark. Rusk said approval of the measure or the furnishing of economic and military assistance to any nation cannot be construed as a commitment to defend that nation with armed forces.

Also rejected, 14 to 5, was an amendment by Sen. George S. McGovern, D-S.D., designed to make clear passage of the aid bill, which includes \$275 million in economic assistance to South Viet Nam, involves no endorsement of President Johnson's conduct of the Viet Nam war.

Fulbright had asked clarification from Rusk on whether Vice President Hubert H. Humphrey's pledge of "all necessary assistance" to Southeast Asian countries involves fighting for them.

He offered a rider saying the provision of aid could not be construed as a commitment to defend any country with military forces.

Snow, Rain

Snow fell in the northern portion of Magic Valley Monday morning, while rain fell in other sections.

More than eight inches fell at Galena, Summit and roads from Hailey and Ketchum north were snow covered and slick. Three inches fell at Fairfield.

Light rain fell through out southern Magic Valley Monday morning. The weather bureau recorded .03 of an inch of precipitation in Twin Falls by noon Monday.

Leftist Gets Capital Votes For President

GUATEMALA (AP) — Julio Cesar Mendez Montenegro, a moderate leftist law professor, swept this capital today in the race for the presidency and was leading in several provinces in the interior. He was outdistancing two military opponents.

Final official returns in Sunday's election from Guatemala City gave:

Mendez Montenegro of the Revolutionary party 57,635 votes. Col. Miguel Angel Ponciano of the rightist National Liberation Movement 22,378 and Col. Juan de Dios Aguilar de Leon of the government-backed Institutional Democratic party 17,742.

Schools at Kimberly Are Closed

More than one-seventh of the students enrolled in Kimberly schools to close at noon as they es Monday morning, forcing schools to close at noon as they did Thursday because of an influenza epidemic.

Robert Sherman, superintendent, said Monday "We thought that by closing the schools Thursday and keeping them closed Friday would give the students a chance to recover from the epidemic but apparently it has been spreading instead of decreasing." Sherman added they would probably remain closed until Wednesday to give the influenza more time to die out.

The Kimberly schools were the only ones closed by the epidemic. Schools at Richfield opened as usual Monday morning and attendance seemed to be almost back to normal levels, according to school officials.

Bickel School in Twin Falls was hard-hit Monday morning when 17 per cent of the students failed to show up for classes. Other schools in Twin Falls, according to school officials, were almost back to normal Monday as were almost all other schools in the Magic Valley.

RETURNS TO LONDON
LONDON (AP) — Queen Elizabeth returned to London today after a month-long tour of the Caribbean.

NORTHERN PACIFIC train crews work with shovels in digging out a passenger train at a point called Eagle's Nest in western North Dakota. The train was buried by last week's storm which hit North Dakota. The train was freed late Sunday. The blizzard killed 16 persons. Relief was en route to some areas Monday. (AP wirephoto)

Blizzard-Stricken Areas Get Relief

FARGO, N. D. (AP) — Road-plowing crews and rescue missions began bringing relief today to blizzard-battered parts of the Dakotas and Minnesota. The toll of deaths stood at 16. Ranchers were counting up a heavy loss of livestock, especially in South Dakota. Helicopters and airplanes, bulldozers and plows worked to relieve thousands stranded in what has been termed the Dakotas' worst such storm in decades. Travelers who had taken refuge in stores, cafes, service stations, or homes continued their journeys.

Stories of human kindness and heroic effort came out of the chill, snow-swept land.

Like the North Dakota farm boy, Orion Auck, of rural Sterling, who scanned the whitened countryside and got worried when he didn't see smoke coming out of a neighbor's chimney.

The 12-year-old boy put on his coat and overshoes and trudged through deep snowdrifts to the farm of Lowell Brown, who lived alone. There, he found the 65-year-old farmer dead, his body draped over a windmill brace in the yard — a victim of the blizzard which lashed the Dakotas three days last week.

Vignettes like this were commonplace as rural and city folk alike fought for survival against the storm.

Six of the storm deaths occurred in South Dakota and five each in North Dakota and Minnesota.

There was a staggering loss in cattle and sheep — perhaps running in the millions of dollars.

One rancher, Frank Maciejewski Sr. of Timber Lake, S.D., estimated his at \$100,000. "I had 400 to 500 cattle and the same number of sheep," he said. "The cattle bunched up next to a shed in a feedlot and smothered. The sheep got smothered, too, in those deep drifts."

"One of my neighbors lost 150 cows in a corral and another lost 100. A couple of barns collapsed under the snow on other ranches and killed some cows."

A spokesman in Civil Defense headquarters at Pierre, S.D., said the livestock losses were staggering. North Dakota ranchers weren't hit as hard.

In both states, work crews pushed around the clock to open up roads clogged with drifts up to 25 feet deep.

The North Dakota Highway Patrol reported officers had rescued 55 persons from stranded cars.

Newspaper Union Strikes In Boston

BOSTON (AP) — A strike of printers and mailers has left Greater Boston's more than 2.5 million inhabitants without five of their daily newspapers.

Shut down as a result of a contract dispute were the morning and evening Globe, the morning Herald, the evening Traveler, and the Record American, which has morning and evening editions.

Locals of the International Typographical Union and the Mailers Union voted 1,266 to 66 Sunday for the strike.

The Christian Science Monitor is unaffected.

The printers and mailers demand cash raises. The publishers contend they should accept the same company-paid health welfare and pension plan negotiated with other newspaper craft unions.

Jury Acquits Mrs. Mossler, Powers in Florida Slaying

MIAMI, Fla. (AP) — Blanche Candace Mossler set out today as she put it, to mother a brood of adored children and to "pick up the pieces" of a \$10-million business.

She was asked in the presence of her nephew, Melvin Lane Powers, following their acquittal Sunday in the 1964 slaying of her multimillionaire husband.

"Mrs. Mossler, will you and Mel Powers be married?"

In a little girl voice, normal for her but tinged it seemed with a trace of vexation, Mrs. Mossler with her children behind her, replied at a news conference:

"We don't have any intentions in that direction."

Less than three hours earlier, Mrs. Mossler and Powers had been acquitted by an all-male jury of the brutal slaying of her husband, Jacques Mossler, 69. He was gray, slender, and, in the words of the state, stood in the way of an incestuous love affair between his wife and her nephew. The defendants, if convicted, could have gone to the electric chair.

The jury heard more than 100 witnesses during the seven-week trial in a white-walled, sixth-floor courtroom. Included were

New Guides Issued For Desegregation

WASHINGTON (AP) — The government issued new school desegregation guidelines today intended to make sure that freedom of choice plans operate to break down dual systems. The guidelines also require actual desegregation in the faculties and staffs of public schools where dual systems — one for whites and one for Negro or minority groups — have operated. They require school authorities to close

Allies Shatter Big Enemy Regiment

SAIGON, South-Viet Nam (AP) — The U. S. Marines brought their first year in Viet Nam to a thunderous finish today by joining with crack South Vietnamese troops to shatter a 2,000-man North Vietnamese regiment. Nearly 1,000 Communists were said to have fallen before the combined air-ground assault by 6,000 Leathernecks, government paratroopers and rangers in three days of blistering fighting, their roughest action — and best showing — of the war.

Court Upholds Voting Rights Act

WASHINGTON (AP) — The Supreme Court upheld today key sections of the 1965 Voting Rights Act.

The high tribunal upheld the power of Congress under the Constitution's 15th Amendment to suspend state literacy tests and similar voting qualifications, and to authorize the attorney general to appoint federal examiners to register qualified voters in various sections of the country.

Legislature Gets "Last Chance" on Reapportionment

BOISE (AP) — Gov. Robert E. Smylie told the Idaho Legislature's third special session on reapportionment today that "this is the last chance." He said the final date for filing nominating petitions for the 1966 election is "sixty days from this morning. With only 60 days left," he said, a "fourth extraordinary session seems hardly possible. This is the last chance. This last observation is not so much a threat as it is a warning of the ungainly shape of things to come, unless we buckle down now and get this job done."

Bomb Threat Halts Meeting in Jerome

JEROME — More than 900 persons attending a Jehovah's Witness Convention were evacuated from the Jerome High School Gymnasium about 3 p.m. Sunday after Jerome police received an anonymous report of a bomb hidden in the building. According to Jerome Police Chief Clarence Yingst, the department received a phone call at 2:47 p.m. from a person who refused to identify himself. Yingst said overheard two youths talking about a bomb hidden in the building and decided it should be reported to police.

3 Tokyo Air Disasters Are Investigated

TOKYO (AP) — Aviation experts from four nations began intensive investigations today in the wake of three successive airline disasters in the Tokyo area that killed 321 persons.

Japanese officials also launched urgent studies of aviation safety in Japan and renewed calls for a new airport.

Two crashes Saturday and Sunday killed 98 Americans, including 75 in a tour group aboard a British Overseas Airways Corp. Boeing 707 bound for Hong Kong.

Heavy rains on the tower slopes of Mt. Fuji, site of the BOAC crash Saturday that killed all 124 aboard, hampered studies being made of the twisted wreckage.

Photographs of the BOAC jet which spun out of a clear sky showed the plane began disintegrating while falling. Smoke trailed from the full length of both wings.

Pieces of the Canadian Pacific Airlines Douglas DC8 jet that crashed Friday in a fog at the Tokyo airport were being picked over by more experts. That crash killed 64 of the 72 persons aboard.

On Feb. 4 a Boeing 727 jet operated by All Nippon Airways crashed in Tokyo harbor and killed all 133 persons aboard. It was the worst crash involving a single plane.

Among the investigators arriving from the United States, Britain and Canada was John G. Adams, a member of the U.S. Civil Aeronautics Board. He said he would study all three crashes, all of which involved American-made jets.

Identification of the BOAC victims continued in the small city of Gotemba, at the foot of Mt. Fuji. Workers said the task was extremely difficult because the bodies were badly mangled.

Jehovah's Witnesses End Conclave

JEROME — The final session of a three-day conclave of the Third Circuit of Jehovah's Witnesses came to a close Sunday evening at Jerome High School with more than 900 persons in attendance.

Although the Sunday program was interrupted for a short time by a bomb scare, Marvin L. Holien, New York, District Supervisor of the Witnesses, main speaker for the final session, continued with his topic, the challenging question, "Does God Have Influence in This Twentieth Century?" He stated, in part, "God's influence is clearly seen in this 20th Century. Jesus, the greatest prophet of Jehovah God, cast forebodings of coming events that are marked in world wars."

BOMB THREAT evacuated the Jerome High School Gymnasium Sunday afternoon of about 900 persons who were attending a Jehovah's Witness convention. Photo shows part of the 900 evacuated. The building was evacuated when police received an anonymous call that a bomb was placed in the school.

Mrs. Miller, Jerome, Dies At Age of 62

JEROME — Mrs. Lena Ann Miller, 62, died Sunday afternoon at St. Benedict's Hospital of a brief illness.

Mrs. Miller was born March 27, 1903 in Watson, Mo. She came to Idaho in 1928 from Des Moines, Iowa. She lived in Twin Falls and married Henry Miller in 1931 in Jerome. They have been Jerome residents since that time. Mrs. Miller was a member of the Church of God.

Surviving, besides her husband, are four brothers, James H. Heck and John R. Heck, both of Twin Falls; Russell Heck, Detroit, Mich., and George Heck, Rigby.

Graveside services will be held at 11 a.m. Wednesday in the Jerome Cemetery. Friends may call at Hove Funeral Chapel Tuesday afternoon and evening and until 10:45 a.m. Wednesday.

Austrians Discuss Government

VIENNA (AP) — Chancellor Josef Klaus and other leaders of his Conservative People's party discussed today whether to continue the coalition with the Socialists which has governed Austria since the war.

In national elections Sunday, the Conservatives for the first time won a majority in Parliament. They picked 85 out of 165 seats for a total of 85 in the 165-seat lower chamber.

The Socialists slipped from 75 to 74 seats and the right-wing Freedom party from 8 to 6.

The Democratic Progress party of former Socialist Interior Minister Franz Olah failed to make the grade. Olah lost his independent seat but made inroads on the Socialists in vital areas.

The Communists, who supported the Socialist candidates in 24 election districts, were defeated in their only try for a seat from downtown Vienna.

Weather, Temperatures

MAGIC VALLEY — Partly cloudy tonight and Tuesday. Cooler tonight. High 45 to 50, low in mid 20s to low 30s, except Camas Prairie high in mid 30s, low 10 to 15. Outlook for Wednesday is fair. Temperatures at 8 a.m.: 37 at Jerome, 40 at T. F. weather bureau with 76 per cent humidity, 40 at T. F. entomology laboratory with 76 per cent humidity, 37 at Rupert, 30 at Fairfield, 35 at Buhl, 40 at Castleford; at noon, 43 at T. F. weather bureau with 74 per cent humidity. Barometer: 30.03.

SYNOPSIS AND AGRICULTURAL SUMMARY

A Pacific storm front is moving across the valley with rain showers accompanying it. Precipitation amounts were light in the southwestern valleys as Boise recorded .04 of an inch for the heaviest amount. Clouds are breaking up in western valleys with partly cloudy skies being reported at times. Light showers are occurring in southcentral and southeastern valleys but at 8 a.m. only trace of moisture had been recorded, mostly in Magic Valley.

High pressure at the surface is located over the four corners area. The front is not into southeastern Idaho with the southern area. The front is not into southeastern Idaho with the southern area. The front is not into southeastern Idaho with the southern area.

Some slight cooling is taking place in the upper air which will produce a little lower temperatures today and Tuesday. Also with some clearing tonight our nighttime temperatures will be lower than last night's readings. Maximum temperatures today will be mostly in the 40s and on Tuesday will range from the mid 30s into the 40s. Low temperatures tonight will be in the teens to low 20s in southeastern valleys and mostly in the 20s in Magic and southwestern valleys.

Low pressure aloft will persist in the Gulf of Alaska during the next five days. Slightly higher pressure aloft will persist over the Intermountain Region. Higher pressure at the surface will return after the frontal passage today but will give way to lower pressure again after the middle of the week.

Temperatures over the valleys of Southern Idaho will average from 2 to 8 degrees above normal Tuesday through Saturday. Slightly lower temperatures today and Tuesday will be followed by warming through mid week with some cooling again into the end of the week. Some normal maximum and minimum temperatures for this period are Gooding 47 to 25, Twin Falls 50 to 27 and Burley 48 to 25.

Clearing is indicated on Tuesday with higher surface pressure returning. Another low pressure disturbance aloft will bring in the next surface storm from the Pacific around Thursday or Friday. Clearing is indicated on Saturday. Precipitation will be in the form of rain or rain changing to snow in higher valleys. Total amounts of precipitation will average around a quarter of an inch in southwestern valleys and western portions of Magic Valley to from .05 to .20 of an inch elsewhere.

Sunshine will average around 55 to 60 per cent of possible. Stronger winds are expected again after mid week with mostly light winds in the valleys Tuesday and Wednesday. Soil temperatures at the four-inch depth will show some increases through the middle of this week. Precipitation during this period will be welcomed in areas where soil moisture supplies are short and will be an aid in future seed bed preparations.

James, earthquakes, along with world-wide preaching of the remedy for world distress, namely, God's Kingdom Good News.

Holien added, "This Kingdom, said Daniel 2:44 'will soon bring an end to all the Godless kingdoms and Godless men, but it will rule forever and ever over those allowing God to influence their lives now in this 20th Century.' This was in answer to note taken earlier in his talk of the loss of faith prevalent in the world today, characterized by clergymen as Holien stated, 'who make brazen declarations that God is dead.'

The assembly ended in the evening with song and prayer.

PATROLMAN ADDED

SALMON — Merlin E. Heath, 24, Twin Falls, has been employed as a city patrolman. Chief of Police Walter Miller said that Heath fills the position vacated by Vance Marvin.

81 Magic Valley Pilots To Be Honored for Safety

JEROME — Eighty-one Magic Valley pilots who have demonstrated their ability to fly year after year without a reportable accident or violation will be honored during an awards banquet at 7 p.m. Thursday at the Jerome Elks Lodge Banquet room.

Chet Moulton, state aeronautics director, said two Twin Falls men will be honored for the most years of safe flying. Fred Wenzler has a 28-year record and L. James Koutnik, 25. Fred M. Frazier and Vernon R. Drake, also Twin Falls, will be honored as "million miles" with 20 and 23-year records respectively.

Businessman In Saigon Sentenced

SAIGON (AP) — A special court inaugurated personally by Premier Nguyen Cao Ky sentenced to death today a wealthy businessman.

Found guilty was Ta Vinh, an export-import firm owner of Chinese descent. In addition to the death sentence, all his business assets were ordered confiscated.

There is no appeal from the special court. No date was announced for the execution, but one official said it probably will take place within a week.

Accused of charges of complicity in bribery and illegal money dealing was Vuong Gia Ky, described as a secretary to Ta Vinh.

The special court was set up last month at the direction of the premier in a crackdown on speculation and corruption.

2 Killed as Trains Have Head-on Crash

CHESTER, Mont. (AP) — Two persons were killed today in the head-on collision of two trains near this north central Montana town.

First reports indicated one train was the Great Northern's crack east-bound passenger train, the Empire Builder. The west-bound train was not identified immediately.

It was reported from the scene there were numerous injuries. Chester is about 70 miles east of Cutbank. Cutbank is northwest of Great Falls, only a few miles south of the Canadian border.

P. F. Cruikshank, superintendent of the Kalispell Division of the Great Northern, said he had sketchy reports of the accident.

He said ambulances and wrecking equipment were sent to the scene. Wrecking equipment was dispatched from Havre and Whitefish, Mont., and Spokane, Wash.

The accident was at a hamlet called Buel, seven miles east of Chester.

Cruikshank said there would be no delay, as traffic would be rerouted over a freight route by way of Havre, Great Falls and Shelby.

Irrigation Water to Be Below Normal

BOISE (AP) — The outlook for irrigation water in Idaho was described today as "slightly below normal."

Morlan W. Nelson, Idaho snow survey supervisor for the Soil Conservation Service, made the assessment on the basis of snow depths as of March 1.

Snow depths varied considerably, he said, ranging from 58 per cent of normal on the Teton River to 126 per cent on the Palouse River near Moscow.

"There is one more month left of this season to change the snow cover picture," Nelson said, "but strong indications are at this time that snow cover for the entire year of 1966 will be generally below normal in Idaho."

"Soil moisture measurements at key snow courses indicate better than average soil moisture beneath the snow pack on all rivers."

"Considering the below normal snow pack which is partially offset by good soil moisture conditions, the water supply outlook for Idaho is slightly below normal."

Flood threats exist on two southern Idaho watersheds, Nelson said, the Portneuf River upstream from Pocatello and the Willow and Sand creeks upstream from Idaho Falls.

Nelson listed these probable runoff percentage of normal for Idaho streams:

Kootenai River at Leonia, 106 per cent of average; Spokane River at Post Falls, 76; Snake River near Heise, 85; Salmon Falls Creek near San Jacinto, 83.

Big Lost River near Mackay, 105; Big Wood River, Magic Valley, 105; Snake River near Horseshoe Bend, 80; Salmon River at Whitebird, 86; Clearwater River at Spalding, 87; Bear River at Harer, 100.

U.S. Pledges More Aid to South Korea

SEOUL, Korea (AP) — The United States told South Korea today it will provide additional economic and military aid to Korea so that the recent Korean decision to send more combat troops to South Viet Nam won't affect Korea's security and economic development.

This was contained in a note delivered by U.S. Ambassador Winthrop G. Brown to Foreign Minister Lee Jong-won, Lee told newsmen.

The economic and military measures assured by the United States, he said, include substantial modernization of Korean forces, the equipment for complete replacement of additional forces deployed to South Viet Nam, the grant of additional aid loans, and the procurement in Korea of supplies, services and equipment for use in South Viet Nam.

DuBois Club Explosion Is Investigated

SAN FRANCISCO (AP)—Police Inspector Robert McClellan says the explosion which shattered the national headquarters of the W. E. B. DuBois Clubs may have been a dynamite charge — as much as 40 pounds of it.

The blast Sunday ripped out the inside of the club's ramshackle two-story building, spraying glass and wood fragments on neighboring buildings and littering the street. There were no reported injuries.

"We have no definite leads or suspects," said McClellan. He said the blast may have been a dynamite charge placed under the front porch of the building, located in a run-down residential section several blocks from the city's Civic Center.

The explosion came less than 48 hours after the Justice Department moved to require the DuBois Clubs to register as a Communist front organization. On Saturday, in Brooklyn, N.Y., a street fight erupted when DuBois Club members called a news conference at a home, to the annoyance of neighbors.

The Brooklyn club members accused New York police Sunday of "standing by while we were beaten, kicked and punched."

Six club members were arrested in the street fight. Four were charged with carrying weapons, including an air gun and a knife.

The clubs were organized in San Francisco in 1963 after the death of Negro Communist W. E. B. DuBois, who renounced his citizenship and moved to Ghana.

DuBois had been instrumental in founding the National Association for the Advancement of Colored People but broke with it and then with the United States, chiefly over the matter of how hard to push for Negro rights.

Spaceship Rescue Is Discussed

CAPE KENNEDY, Fla. (AP)—Man must learn how to rescue-orbiting astronauts stranded in a disabled spaceship because "it is a problem we all know will one day confront us," a recovery force expert said today.

"Space rescue is entirely feasible and well within the known state of the art," said Col. Emil G. Beaudry, vice commander of the Aerospace Rescue and Recovery Service at Orlando, Fla.

In a technical paper presented during the opening day of the Third Annual Space Congress, Beaudry said one analyst concluded there is a 62 per cent probability of at least seven emergency situations in space involving 22 men in the next 20 years and a 58 per cent probability of two or three emergencies within 10 years.

He observed the vast amount of effort project officials now take to insure astronauts' safety before they are launched and said "rescue in space is but the logical extension of this traditional humanitarian role."

"There is no reason today or certainly in the reasonably near future — why an operational rescue spacecraft could not be ready and standing by in the event of distress or tragedy during manned flights," Beaudry said.

"For example, a launch vehicle such as the Titan 3 with its great weight-lifting capability and mission versatility could easily carry a rescue crew, medical facilities and technicians aloft to assist in any way required."

In a related paper, an engineer said the ability to rendezvous with another object in space — as astronauts Neil A. Armstrong and David R. Scott plan to do March 15 — "opens up a myriad of possibilities," including rescue.

A space ship which runs out of gas can be refueled by an "orbiting tanker," said M. H. Goodkind of Martin Co.'s Canaveral Division. Or a maintenance station in space could glide over to repair a disabled vehicle, and crews and supplies could be transferred to and from a manned orbiting laboratory.

100th Year Noted By Missionary

ATLANTA, Ga. (AP)—Miss Lavona Glenn celebrates her 100th birthday Tuesday in Atlanta and then goes to Washington where President Johnson and other officials will pay her tribute.

Miss Glenn, a former Methodist missionary, will be a guest in the White House on Wednesday. She spent 35 years in Brazil.

Now living in a Methodist home for senior citizens, Miss Glenn still is active in her work — corresponding in Portuguese and English and writing a column for three weekly newspapers.

Nine New Courses Will Be Offered at T.F. High School

The Twin Falls High School will soon enter the second phase of a sweeping program to expand the number and type of courses available to students.

According to Principal George Staudaher, nine new courses will be offered, several of which will be conducted on a college level.

During the past few years a concerted effort has been made to expand the course offerings available to vocationally-oriented students.

Now, in a complementary step, the 1966-67 course additions will vastly increase the advanced-level courses available to the growing number of college-bound students, facing the mounting pressures in college in what might be termed the "pace race."

Staudaher reports that for the first time Twin Falls High School students will be able to pursue a second full year of advanced biology and one of advanced chemistry.

A select group of seniors will be eligible to enroll in a new creative writing course.

A second-year of drama will be offered outstanding students, and a third year of German will be added to the curriculum as an extension of the developing course now entering its third year.

Further, a new course will combine one semester of economics with a semester of sociology — the first time the subject has been offered in the Twin Falls school system.

Finally, debate and Boys Glee Club will be elevated from extracurricular to course status, and a general physical science course will be added.

Staudaher noted that the students are "getting into an age of specialists," where an increasing demand for specialized high-level training is placed on the graduate. The decision of the school to increase the offerings of courses to meet this demand.

As important as the expansion of course variety, the principal maintained, is intensification of instruction.

He noted that several courses will be conducted on a college level. The advanced biology course, for example, will be using a standard freshman biology text used in many colleges.

The creative writing course, to be taken in conjunction with the still-required senior English, will be conducted on the college level — which raises the possibility of course work being accepted for college credit, or if not for credit, for distribution credit.

Accompanying the addition of new courses, Staudaher reported, has been alterations in the internal structure of courses already being offered. The four-year mathematics curriculum — in which students once progressed through beginning algebra, plane geometry, advanced geometry and a fourth year of trigonometry and solid geometry — has been stripped of its academic course divisions and the course material welded into

a continuous progression. During the second year, solid geometry is incorporated into standard plane geometry. The third year now sees the addition of some analytic geometry and trigonometry to the advanced algebraic studies. During the fourth year, students continue with trigonometry, analytic geometry and are exposed to a smattering of calculus.

Staudaher said the mathematical curriculum now corresponds closely to that suggested by the Massachusetts Institute of Technology.

Other internal changes include the formation of an accelerated government class, conducted as a seminar with much freedom allowed students to conduct individualized research projects.

Low Runoffs Reported in Northwest

PORTLAND, Ore. (AP)—Low runoff have been reported for Oregon, Washington, most of North-western Montana and Idaho — except in the Upper Snake River Basin.

The Geological Survey of the Interior Department reported Sunday low runoffs are characteristic now because of low temperatures preventing melting of snow and ice.

The survey expected rising temperatures this month to result in 80 per cent of average streamflow for March.

Hollis M. Orein, engineer in charge of records here, said observed and adjusted flow of the Snake River at Milner was high.

He reported below — average storage in nine major power reservoirs but said it was above-normal in 25 large irrigation reservoirs.

Record Gains Reported by Nation's Transportation Industry During 1965

NEW YORK (AP)—Fueled by \$4.5 million. Freight ton-miles, prosperity, the nation's transportation industry took off to record gains in 1965.

Airlines felt the thrust of increased business travel and the flood of leisure dollars into the industry. The pace of railroads' American city served by scheduled airlines would eventually be quickened with the movement of raw material to factories and service airlines, whose average dealers' showrooms. Truck and barge traffic increased.

The year also provided these transporters of goods and people with a glimpse of what the future may bring: huge jet aircraft capable of carrying cargo and people in unprecedented volume, supersonic jet airliners, passenger trains streaking between key cities at hundreds of miles an hour.

Airlines, with their vast investment in jet paying off, viewed 1965 as a year of record profits. Earnings in the first nine months agreed 68 per cent over last year's January-September figure to total \$292 million.

The number of passengers using domestic air carriers climbed 15.6 per cent to an estimated track.

Freight traffic on major roads was estimated by the American Association of Railroads at 690 billion ton-miles, making 1965 the best freight year for the industry since 1944.

Profits, according to the Investment Bankers' Association, probably hit \$800 million, the highest since 1956. Total revenues topped \$10 billion. These figures compared with profits of \$498 million and revenues of \$9.8 billion in 1964.

By comparison, earnings of the nation's railroads totaled \$382 million in 1961.

Gains reflected growth in profitable piggyback traffic, truck trailer on flatcars, increased use of unit trains as haulers of coal, ore and grain and automation.

The trucking industry estimated its revenues at more than \$10 billion in 1965, compared with \$9.2 billion in 1964. Freight tonnage, said the American Trucking Association, climbed eight and one-half per cent over 1964.

Railroads, once the sick man of the U.S. industry, continued to speed along the recovery track.

Buhl Grange Meets With Lucerne Unit

BUHL. — Musical selections, skit and travelogue were highlights of the program presented by members of Buhl Grange when they visited the Lucerne Grange at its regular meeting Friday night.

Participants included Mrs. Elva Mason who reviewed highlights of her trip to Europe. Choral selections were presented by a group composed of Mr. and Mrs. Dean Mickelwaile, Mr. and Mrs. Donald Dietz, Mr. and Mrs. Milo Davis, and Mrs. Marie Latham with Mrs. Blanche Smith as accompanist.

A skit, "Red Flannels," was presented by Mr. and Mrs. Henry Lehman, Mrs. Milo Davis and Donald Dietz. Group singing was led by Mrs. Smith and Dietz.

During the business meeting of Lucerne Grange it was reported a total of \$171.92 was realized from the recent fund raising benefit which meant \$42.98 will be donated to each of the following charities: Heart, Cancer, March of Dimes and Red Cross.

Mr. and Mrs. Steven Winchester were voted into membership. It was noted that a new step has been installed at the back door of the Grange through a work party conducted by the men of the Grange.

Frank Sedivy, master, urged all dues to be paid by the next regular meeting slated for March 18.

Red Viet Nam General Gets U.S. Praise

WASHINGTON (AP) — The North Vietnamese general believed leading Communist forces in South Viet Nam is rated as a first-class strategist, an able planner and a competent field commander.

This evaluation of Lt. Gen. Hoang Van Thai has been made for Washington officials after painstaking exploration of the Chinese-trained general's background.

Secretary of Defense Robert S. McNamara told the Senate Foreign Relations Committee that the North Vietnamese Joint General Staff, infiltrated into South Viet Nam in early 1964 "and reportedly is the current commander of the Viet Cong armed forces."

He was described as popular with the troops, as well as being a capable leader.

No information was available on Thai's family, nor his physical description, his language abilities or his religion, if any.

Thai was said to have been born some 50 years ago in North Viet Nam, some 40 miles south-east of Hanoi.

He probably was a teacher between 1928 and 1938 and is said to have served in the Chinese army.

U.S. authorities have been told that Thai has had both Chinese and Soviet military training, spent time at a Japanese naval school, and lived in Europe before returning to Viet Nam prior to 1939.

In 1939, Thai fled to Kwangsi in southern China with the man who was North Viet Nam's top military figure, Gen. Vo Nguyen Giap, probably returning to Viet Nam between 1941 and 1943 to help build the military forces of the Communist-led Viet Minh.

Thai is regarded as an advocate of the Red Chinese hard-line school.

After World War II, Thai rose to chief of staff of the Viet Minh army fighting the French and in 1952 directed Viet Minh operations in the Tonkin area.

Camp Happiness Prepares Soldier for Enemy Treatment

COLUMBUS, Ga. (AP) — It's called Camp Happiness, but there are no happy campers and not when the games end in torture and legs are twisted until the pain is unbearable.

Spawmed by effective brainwashing techniques inaugurated by the Chinese Communists in the Korean conflict, Camp Happiness is designed to prepare soldiers for possible enemy treatment in Viet Nam.

The camp, a prison mock-up at Ft. Benning near here, is not escaped via death, or defection, although the soldier-students sometimes think that might be the only way out.

"All of them are learning," said Lt. Col. Fred Cleary, a veteran of Viet Nam fighting. "Later on, if they are captured, they'll know how to keep from being brainwashed."

Officer candidates nearing graduation after 23 weeks of training quickly learn Camp Happiness will etch into their minds indelible memories of genuine pain.

This was demonstrated to the latest "prisoners" when one spoke out of turn as the "comrade commander" was giving the new inmates his usual propaganda speech.

"Nobody wants to see your ugly face," said the prisoner.

The comrade commander, Capt. J. C. Reid of Richmond, S.C., showed the prisoner that Camp Happiness is not a pleasant place.

"Put this man on the pole," Reid ordered. Guards grabbed

Awards Presented During Annual Gold Cup Recital

Gold cups were presented to participants in the annual Gold Cup Award Recital Sunday afternoon at the YMCA-YWCA building.

Two medium gold cups were awarded. Receiving these two cups were Louise Hopwood and Mary Kinney. All other participants received small gold cups.

Sponsoring the event was the Twin Falls Music Club. Receiving small cups were Marian Rejnc, Craig Christensen, De-

anna Matheny, Kim Brumbach, Susan Montgomery, Joletha Nussbaum, Kenna Lee Bezold, Debra Seamons and Julia Squires.

Susan Kramer, Vicki Rayhorn, Catherine Cox, Jeannine Berry, Carol Christensen, Tirza Danner, Sue Ann Johnson, Laura Vincent, Sue Ann Robinson, Diane Warner, Janice Greer, Carla Blastock, Wanda Lloyd and Nancy Brackett, Christine Peterson, Harold Nussbaum and Delores Robinson were accompanists.

According to Mrs. Francis Rider, chairman of the event, the purpose of the awards is to provide incentive for the students who do not rate superior each year and qualify for the awards presented by the National Federation of Music Clubs.

To earn gold cup points are received from the ratings earned at the Junior Music Festival held in February. Points are awarded on the basis of one point for a very good, three points for an excellent and five points for a superior.

Points must be earned in consecutive years. If a year is missed, points must begin accumulation from the first.

Work on 4 Forest Roads Continuing

SALMON — Work is moving ahead on four Salmon National Forest projects.

A crew of MacGregor Triangle Construction Co. is now 60 per cent finished on a section of the Deep Creek Road and a crew from the same firm has gone to work on a section of the Salmon River Road.

Arthur Bevan, forest engineer, said the contractor is clearing, drilling and blasting on the widening of the river road between Shoup and Pine Creek.

Forest crews are placing new plank on the Salmon River bridges at Pine Creek and Cove Creek below Shoup.

Fairfield Home Damaged by Fire

FAIRFIELD — The Camas County Volunteer Fire Department was called about 9:30 p.m. Friday when fire threatened the farm home of Mr. and Mrs. F. Wilson about five miles south-west of Fairfield.

The fire was in a wall of the structure between the living room and kitchen, and it is thought to have been caused by an overheated chimney. The house was insured.

Wilson, his son, James Wilson, and a hired man succeeded in controlling the fire by tearing into the wall and using water in the house until the firemen arrived.

But it was a moment of pride for the governor as he pinned on the eagles of full colonel rank on his brother, Byron, L. Rampton. An Army reservist, Col. Rampton has been commanding officer at the 6214th U.S. Army Garrison at Ft. Douglas since August 1963.

Primate Won't Discontinue Self-Exile

BUDAPEST, Hungary (AP) — The Vatican has failed again to persuade Cardinal Mindszenty to end his self-exile in the U.S. legation in Budapest and go to Rome.

"Franziskus Cardinal Koenig, archbishop of Vienna, visited the Hungarian primate for five hours Sunday. Cardinal Koenig told newsmen: 'We talked about the Ecumenical Council. That is all I can tell you.'"

At Vatican City, sources close to the Vatican secretariat of state said Pope Paul VI's concern over Cardinal Mindszenty's health prompted him to send Cardinal Koenig to Budapest. But the sources said the 74-year-old Hungarian cardinal, who had a serious attack of influenza last fall, still wants to remain in his homeland.

Pastor Asks Gambling Halt In Nevada

RENO, Nev. (AP) — A Baptist minister says legal gambling has made Nevada "one big con game." He wants to abolish casinos — but slowly so the state can develop other tax and tourist attractions.

The Rev. H. Clyde Mathes Jr., president of the Nevada Council of Churches, says gambling has allowed Nevada to become less responsible.

"Legalized gambling is always based on laws that favor the house," says the minister in a prepared statement. "Gambling then becomes a kind of con game. The more people a casino can get to gamble, the more money it makes. The more it makes, the more taxes it can pay. The more taxes gambling can pay, the less taxes society has to pay for needed services."

Chinchilla Group Sets Field Day

Field Day for the Magic Valley Chinchilla Breeder's Association will be held at 8 p.m. Tuesday in the Boy Scout Service Center.

Ranchers may bring up to four animals for showing. Those having extra CBA cages are urged to bring them.

Jerry Craner and Kenneth Sadler, Ken-Chilla, Nampa, will offer comments and advice for the regular CBA show to be held in Nampa.

Crashed

TORONTO (AP) — Mrs. Theodor Vaskevitch of Toronto telephoned her husband in Tokyo after she heard a Canadian Pacific jetliner crashed there Friday.

He told her he had decided to stay for another day and would take a British Overseas Airways Corp. flight to Hong Kong Saturday.

Saturday she received a telephone call telling her the BOAC flight had crashed and her 53-year-old husband was dead.

**PROPOSALS GIVEN
IDAHO FALLS (AP)** — Bureau of Reclamation proposals to rehabilitate American Falls Dam were presented at a meeting of Snake River District 36 water users here Sunday.

The bureau has been studying costs of repairing the dam and other alternatives, possibly replacement.

Deterioration of the dam was reported to the district's advisory body, the committee of nine, in Burley more than two years ago.

Election of representatives to the committee was also on the agenda.

WINNER NAMED
MULLAN, Idaho (AP) — Frank Hager of Blanchard, Idaho, won the first Idaho Snowmobile Championships Sunday at the Fabulous Valley Winter Carnival at Shoshone Park east of here.

Hager, maneuvering his 250 cc. snowmobile around a track and over a cross-country course, won on a combination of points in both categories.

Second place was won by Darrell Triber of Spokane.

Some 2,000 persons turned out for the carnival, which was sponsored by the Mullan Jaycees.

DELAYS RULING
BOISE (AP) — Judge Rav McNichols delayed today until later in the week a ruling in the lawsuit by which Charles E. Smith hopes to prevent his return to Missouri to face a murder charge.

McNichols said there were documents in the case earlier which are still in the hands of the United States Supreme Court in Washington. He said he wanted to look at them before ruling and expects to have them available within a few days.

McNichols has under advisement a request from Smith that the federal court reverse Idaho state courts which upheld an extradition order returning Smith to Missouri.

The state court order was taken to the United States Supreme Court, which refused to review it.

CANDIDATES CHALLENGED
BOISE (AP) — Greater Idaho, Inc., challenged announced gubernatorial candidates Sunday to find revenue sources "to carry the state after we defeat the sales tax."

Philip Jungert, president, said only Greater Idaho has "a constructive program that will bring outside money to our state."

The organization is a proponent of casino-type gambling and plans to run a gubernatorial candidate of its own. Jungert said the candidate would be announced soon.

"It will be the policy of Greater Idaho," Jungert said, "to cooperate and aid any group or organization that will work for the defeat of the sales tax."

Killing of Armed Guard Is Probed

SANTO DOMINGO, Dominican Republic (AP) — At least four police officers were reported under investigation today following the killing of a member of ex-President Juan Bosch's armed guard.

Witnesses said two police cars drove up Sunday to a house where the guard, 23-year-old Yuesaquio Agramonte Macklyn, was visiting about 200 yards east of Bosch's home. They said a police major walked up to Agramonte, shot him in the head, and the police left after exchanging a few shots with other guards nearby.

Acquitted

TURIN, Italy (AP) — Police charged biology student Guido Frola with failing to keep guard on a dangerous reptile after Frola's four-foot snake slithered into an adjoining apartment and frightened a woman.

The judge acquitted Frola, however, after experts testified the reptile was a harmless blacksnake and an excellent rat killer.

Army Doctors to Operate on GI

FT. DIX, N.J. (AP) — A young soldier's parents wept in relief when they learned that Army doctors would operate on him to remove a cancerous tumor in the bladder.

Vincent P. Gulardo, 19, of Clifton, N.J., had been inducted into the Army Feb. 23.

When the Army learned he needed an immediate operation, it planned to give him a medical discharge because the condition existed prior to his service.

But the doctor's father, a veteran of World War II, said he had lost both his job and hospitalization benefits.

BREAK INTO BANK
POCATELLO (AP) — Burglars broke into the First Security Bank in Pocatello Saturday night, but left with only petty cash when they failed to blast a hole through the vault wall.

Pocatello police said the burglars got in through a rear fire escape door by prying it open. Three business offices were broken into on the second floor and \$37 was taken, police said.

A janitor discovered the hole blasted in the basement vault when he arrived at the bank at 7 a.m. Sunday. Police said dynamite apparently was used to blow the 10-inch deep, one foot diameter hole in the reinforced concrete.

OPENINGS TOLD
BOISE (AP) — Limited openings in the Second Tank Co. of the Marine Corps Reserve in Boise were announced Sunday.

"With the increased draft calls to meet our troop commitments in Viet-Nam," Commander Maj. Robert E. King said, "enlistments in the reserves were virtually frozen."

"This was a situation I expected to last for some time," King added, "but due to normal discharges of men whose service time is up, we suddenly have a limited number of openings."

He said the openings were the first since last summer and "it may be another six months before we can enlist any more."

Caution, Sacrifice, Organization Needed to Win Viet Nam Battles

By PETER ARNETT
BAU BANG, South Viet Nam (AP) — When dawn over a Vietnamese rubber plantation shows you are surrounded by an enemy determined to kill you, what does it take to win the battle?

Some American infantrymen — the 2nd Battalion of the 28th Regiment, 3rd brigade, 1st Division — came up with the answers in a clash Saturday about 40 miles north of Saigon.

First it took caution, represented by outpost guards watchful through the night.

A detail from B Company got the first sight of the enemy. There must have been a company of them moving down a trail.

"Hold your fire," said the lieutenant in command. "Let the Claymores get them."

Two Claymore mines, electrically detonated devices that spray hundreds of steel pellets like a shotgun, had been posted to cover the trail.

Armed Viet Cong passed within five feet of one of the Americans, Sgt. Donald Baxter of St. Louis, Mo.

Then the twin Claymores blasted out in the screaming and confusion, the Americans moved back.

Now it took sacrifice.

As the Americans retreated, they bumped into the rear of another enemy company. The lieutenant and an enlisted man were hit.

As Sgt. Baxter carried the wounded enlisted man, the rest of the squad fought their way through. But not the lieutenant. He waved at Baxter in the dawn light and moved back up the trail.

Single handedly, he held off the second Viet Cong company while the squad reached the safety of the American lines.

Found five hours later, the lieutenant was dead.

By this time, the fight was on hot and heavy.

At this point it took organization.

The Viet Cong launched the main attack from the east at 6:40 a.m. then came slabs from the northwest, south and west.

The Americans were dug in shallowly in a clearing among young rubber trees.

1st Col. Kyle Bowie, the battalion commander, took over. He figured that two battalions of Viet Cong and possibly a regiment were attempting to overrun them.

He coolly radioed his company commanders: "Keep laying down a base of fire."

Then if the firing slackened in one area he would tell them to move out after the enemy.

What else did it take to win?

It took skill. Lt. John Snook of Charlottesville, Va., as the forward artillery observer, brought in artillery fire from Lai Khe, five miles away. Salvo after salvo crashed on the heads of the attacking enemy.

Natural Gas Wells Robbed In 4 States

DENVER (AP) — Thieves have taken more than \$70,000 worth of mercury from natural gas wells in the Four Corners area of Utah, New Mexico, Arizona and Colorado, the Denver Post says in a copyrighted story.

Mercury, valued on the Black Market at \$5 to \$6 a pound, is stolen from gas meters at the well heads, said the Post. Some of the sales have been traced to Salt Lake City and Denver.

Officials of El Paso Natural Gas Co., headquartered at Farmington, N.M., operator of more than 5,500 wells, said the firm lost an estimated \$70,000 in mercury during recent months; the Post said.

The Southern Union Gas Co., of Farmington, also reported losses.

El Paso said nine thieves have been caught and two firms have made settlements. A Denver firm made an \$8,200 settlement and a Salt Lake City metallurgical firm made a similar settlement for \$6,000.

Lenten Guideposts They Gave Me Melody

BY GEORGE BEVERLY SHEA

As told to Fred Bauer
Not long ago when an allergy forced me to take a month off from my work as a singer with the Billy Graham Crusades, it gave me the chance to visit my 84-year-old mother back in Syracuse, N. Y.

One night in her apartment about 3 a.m. I woke up coughing. I tried to muffle the sound by keeping my mouth closed, but in a minute or two I heard her in the next room room fumbling for her slippers. George Beverly Shea

Mothers don't change the same instant which had her on her feet at a whimper from one of her eight babies was getting her out of bed now.

A few minutes later there was a rap on my door and in she came with a cup of hot tea and a plate of her own oatmeal cookies. Except for the white hair framing her face in the light from the bedside table, it might have been 50 years before.

Both of us were remembering an earlier illness when I was between 10 and 12 years old, a mysterious infection which kept me out of school nearly two years and turned an already shy boy into a monument of self-consciousness.

Speaking an Agony

Big for my age anyway, when I went back to school and was placed in a room with boys and girls two years younger than I was, I wanted to sink through the floor. I'd never felt so awkward, but now the founts of speech seemed to dry up all together.

The few times when I had to speak in public were agony.

The problem persisted even after I had left home and was making my own living.

Once in Chicago I was trapped into giving a talk. Wisfully I thought of my father's warm, wise, seemingly effortless sermons back home. A Wesleyan Methodist preacher, Dad always had been as fluent as I was tongue-tied.

And then inspiration came. What if Dad were to outline a talk for me? I wrote giving him the subject and begging him to suggest some good points and anecdotes. "Don't fail me," I wrote, "this is an emergency."

Dad's reply didn't fill a third of the space on a penny postcard. "Son, God helped Baalim's donkey to talk so I'm sure He can do something for you, Love, Dad."

Memories

But although Dad would never do for me what I could do for myself, it was he and mother who, with faith and love and patience, helped me at last to move beyond the shyness that would have robbed my life of any chance for service.

As Mother and I talked that night, the past seemed very close. I looked down at the teacup in my hands, the well-remembered pattern so reminiscent of other talks. And I found myself recalling other objects that her love and Dad's had endowed with special meaning for me.

The first was a piano. The Shea family had no need for an alarm clock: our day started with Mother singing at the piano.

There was something wonderfully reassuring to us children about Mother singing at the beginning of each day, her resonant soprano ringing through the house. Dad loved to sing, too, and family hymns were part of our daily devotionals.

In singing I found a release from my old problem of bashfulness. Perhaps in the music I was able to forget myself for a while — at any rate as I grew older I poured out in song, thoughts and feelings I had no other way to express.

Remembered a Chair

The final vignette focused on a straight-back chair. It was the chair in which my father sat the night he delivered his final sermon at Willet Memorial Church in Syracuse.

At age 73, cancer had ravished his body and left him too weak to climb into the pulpit. In the congregation to hear him conclude 53 years of preaching were his eight children and Mother.

Though Dad's body was weakened, his spirit was never stronger. His sermon was one of great reassurance. In a sense, his words were much the same as those we found in a note beside his bed after he had gone.

"Life has been wonderful."

Show to Feature Camera Slides

The fourth showing of the slides from the Eighth Idaho International Photographic Exhibition will be held at the Idaho Power Co. Auditorium at 8 p.m. March 13.

The exhibition, sponsored by the Twin Falls Camera Club, will feature about 500 slides from throughout the United States, Mexico, Canada and other foreign countries.

The exhibit is intended to display examples of contemporary photographic art produced by leading amateur photographers.

he wrote, "the promises of God precious," the eternal hope glorious.

Blessed by God
I placed the empty teacup on the nightstand. It was still dark outside but dawn was not far away.

"God has blessed us in many ways," mother echoed my own unspoken thought. Her hands were gathering up the dishes.

"Can I give you something more?" she said. She meant tea, but my thoughts were still on those other things. A piano, a straight-back chair — music, and God, and hope eternal.

"Thank you, mother," I said. "You've given me everything I need."

"Dognapping" Bill Revision Is Urged

WASHINGTON (AP) — A spokesman for 1,200 medical research organizations urged a House subcommittee today to revise a bill designed to halt "dognapping" — interstate trafficking in stolen dogs and cats.

Maurice B. Visscher, president of the National Society for Medical Research, said in testimony prepared for a House Agriculture subcommittee that the scientific community "ap-

proves heartily of the basic objectives" of the legislation.

But Visscher asked that references to animals other than dogs and cats be eliminated from the bill.

"It would impose a well-nigh impossible burden to regulate traffic in fish, frogs, turtles, reptiles, birds, and the many other mammalian forms used in laboratories," he said.

He proposed a modified bill that also would eliminate any reference to research facilities. The modified bill would regulate only dealers of dogs and cats.

The bill before the committee would make it unlawful for research facilities or dealers to buy, sell or transport animals without a license.

Jerome Duplicate Results Reported

JEROME — Jerome Duplicate Bridge Club met in Jerome Elks Hall Saturday for a spring party with 107 tables in play.

North-south winners were Mrs. N. R. Towle and Mrs. E. W. Sinclair, first; Mrs. C. P. Otto and Mrs. J. W. Towle, second; R. W. Wood and Mrs. H. C. Hall, third, and tied for fourth and fifth, Mrs. J. C. McMillan and Mrs. H. M. Proctor, Mrs. A. B. Woolley and L. L. Saunders.

East-west winners were Mrs. A. P. Russell and Mrs. H. P. Grant, first; Mr. and Mrs. H. E. Warnke, Burley, second; Mrs. R. W. Wood and Mrs. W. C. Kays, third, and Mrs. W. J. King and Mrs. G. W. Tilley, fourth.

Guests of the club were Mr. and Mrs. A. O. Jones, Rapid City, S.D. There will be no bridge Saturday in Jerome because of the sectional tournament in Twin Falls.

DEMONSTRATING REFEREE'S POSITION are Kelly Kleinkopf, 8, son of Mr. and Mrs. Jerry Kleinkopf, on bottom, and Lawrence Pfefferle, 6, son of Mr. and Mrs. Reid Pfefferle, all Twin Falls. 120 Boys to Participate In Wrestling Tournament

More than 120 Twin Falls boys in the first through eighth grades will take part in a city-wide recreational wrestling tournament this week sponsored by the City Recreation Department.

The tourney, set to begin at 6 p.m. Tuesday in the Twin Falls High School Gymnasium, is the climax of seven weeks of classes under the direction of high school varsity wrestling coach, Roger Mitchener.

The boys will wrestle in ten weight divisions, with champions named for each. The first four place winners in each division will receive a ribbon, as will each competitor.

Immediately prior to the

championships, the city-sponsored basketball free-throw contest will be completed.

YOUR BIRTHDAY and HOROSCOPE

MONDAY, March 7—Born today, you are quiet and reserved by nature, but you can never be less than outspoken. Enthusiasms by the right stimuli. And these enthusiasms are not always in regard to what you like; you can be just as outspoken against a thing as you can be for it. When this first is the case, it would behoove those who have caused your displeasure or dislike to keep out of your way, for it is then that your reserve flies out the window and the warpath becomes your natural habitat.

Always willing to accept blame for your own mistakes, and just as willing to try to make retribution, you are nevertheless not one of those noble types who will willingly take on the guilt of another. You believe in sharing benefits with those who have helped to bring them about. But you also believe in sharing the responsibility for errors with those who have helped to cause them.

Naturally affectionate, you are basically a lover of home and family. At the same time, however, you have a distinct leaning toward the wanderer's life, and may at times be hard put to keep yourself from straying, if only for the temporary excitement of it. Such duality of desire requires that you be especially careful to select an understanding spouse. To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

you can turn trials and tribulations into advantages insofar as your future is concerned.

GEMINI (May 22-June 21)—Use caution in the handling of important documents and you should be rewarded soon with prosperity.

CANCER (June 22-July 23)—Stress property interests today, especially should they tie up with recent business affairs. Don't shirk responsibility.

LEO (July 24-Aug. 23)—An excellent day for putting a new idea before an executive committee. Your approach should be soft but firm.

VIRGO (Aug. 24-Sept. 23)—You should be able to negotiate any contracts, concerning current business matters, with great success today.

LIBRA (Sept. 24-Oct. 23)—An affair of significance to your future welfare should be handled with delicacy and confidence. Don't sell yourself short!

SCORPIO (Oct. 24-Nov. 22)—Make no attempt to make an advantageous deal at the expense of another. Keep private affairs private — at least for now.

SAGITTARIUS (Nov. 23-Dec. 22)—Cooperate with partners, both business and domestic. This is no time to start or continue arguments.

CAPRICORN (Dec. 23 - Jan. 20)—A day of enterprise and action. Use your own good judgment and you should be able to latch on to unexpected success.

Mine Workers Strike in North Chile

SANTIAGO, Chile (AP) — Smelter workers at one of the Anaconda company's two major copper mines went on strike in northern Chile Sunday after a former union leader was jailed on charges of trying to interfere with operations.

Chile's Marxist-led unions have been trying to shut down both properties of the big U.S. company to show solidarity with Kennecott workers who have been on strike more than two months. Kennecott is the other main U.S. copper firm in Chile.

At Anaconda's second main property, workers reportedly defied union orders and returned to work.

Miss Sullivan Is Bride of Larry G. Teply

BUHL — The marriage of Colleen Marie Sullivan, daughter of Mrs. Lloyd Sullivan, and Larry G. Teply, son of Mr. and Mrs. G. E. Teply, all Buhl, was solemnized Feb. 19 in a Nuptial Mass performed by Rev. Joseph Papp in the Buhl Catholic Church.

Basket arrangements of blue and white carnations, detailed with fern formed the background decor for the double ring ceremony.

Music was by the children's choir, under the direction of Sister Mary Francetta. A vocal quartet selection was presented by Mrs. Frank Karel, and members of her family, Barbara Karel, Douglas Karel and Mary Karel.

The bride, given in marriage by her brother, Thomas Sullivan, recited vows in a floor-length gown fashioned of silk organza accented with a sweetheart neckline and lily point sleeves. The gown was highlighted with a lacy lace on the panel skirt and crescent waistline. A bustle bow at the back enhanced the flowing adjustable chapel train.

A miniature cultured pearl cross pendant, a gift from the bridegroom, complemented her ensemble. Fabric rose petals embellished with tiny pearls and sequins released her elbow-length veil of pure silk illusion. The bride carried a large white orchid encircled with blue and white carnations adorned with white satin ribbon streamers.

Michaela Sullivan, sister of the bride, was maid of honor. Mrs. Al Osterkamp, sister of the

bride, was bridesmaid, and Barbara Teply, sister of the bridegroom, was junior bridesmaid.

Flower girls were Kristine Osterkamp and Kelly Osterkamp, nieces of the bride.

Timmy Osterkamp, nephew of the bride, was ringbearer. Altar boys were Jerry Duppong and Charles Kokes.

Clifford Russell, Grangeville, served as best man. Ushers were Jack Jardine and Larry Shark, Buhl.

Following the ceremony, the newlyweds greeted guests at a reception held in the multipurpose room of the school. The bride's table was covered with white linen and centered with a picturesque four-tiered wedding cake. The cake, iced in white, was decorated with delicate lace lattice work and cornucopia, carrying out the bridal colors of blue and green trim, and topped with ornate wedding bells edged with pearls.

Crystal candleholders with blue tapers entwined with smilax and tied with blue ribbon bows flanked the cake. The bridegroom's cake, which also was baked by Mrs. Leonard Walcott, was wrapped in moss green and tied with blue ribbon. Mrs. Kent Giles and Mrs. Clifford Russell cut and served the wedding cake. Mrs. Clarence Aitchison, Boise, presided at the coffee service and Mrs. Louis Teply, Mountain Home, poured punch. Both are guests of the bridegroom. Diane Teply, Mountain Home, and Diana Dana, Buhl, were in charge of the gift table. Mrs. Charles Pintler, Nampa, registered guests.

The couple took a wedding trip to Las Vegas, Nev., and Death Valley, Calif. The couple will reside at 2037 Pandora Drive, Boise, where the bridegroom is employed with the Idaho Power Co.

Out-of-town guests attended from Boise, Moscow, Grangeville, Nampa, Mountain Home, Twin Falls, and Santa Cruz, Calif.

Pre-nuptial events honoring the bride included showers hosted by Mrs. George Farmer, assisted by Mrs. William Rosenbaum, Mrs. Gary Bonar, Mrs. Larry Shark and Mrs. Jack Jardine; Mrs. Leslie Jackson, assisted by Mrs. Joel Nejezchleba; Mrs. Joe Potucek and Mrs. Frank Karel, and by Mrs. Cecil Duffy. Mrs. George Sobotka and Mrs. Earl Tyree. A rehearsal dinner for the wedding party was hosted by the bridegroom's parents with Mrs. Leslie Jackson and Mrs. Nejezchleba assisting.

NEW YORK (AP)—The stock market fell sharply in heavy trading early this afternoon.

The ticker tape ran behind transactions as leading issues took losses of 1 to 7 points.

Aerospace issues, airlines, electronics, office equipments, photographic stocks and many others in the "glamor" section of the market which has made the widest gains took the biggest losses.

Long-term profit taking was a big factor in the decline, brokers said, and this was combined with the recent worries about tight money and the technical condition of the market itself.

The Dow Jones industrial average plunged well below the level of about 925 which formed the springboard for a vigorous technical rally last Thursday.

Some analysts thought a "selling climax" might be developing and that, if so, it might "clear the air" and give the market a firmer base from which to advance.

The Dow Jones industrial average at noon was down 11.30 at 921.04.

The Associated Press average of 60 stocks at noon was off 2.6 at 346.7 with industrials off 4.0, rails off 2.2 and utilities unchanged.

General Motors broke 2 points while Chrysler and Studebaker were down more than a point. American Motors held a fractional gain. Detroit investor Robert B. Evans was elected a director of the company.

Fairchild was one of the big gainers of 1965-66, slipped 7 points, Boeing 6, Texas Instruments 4, IBM, Polaroid and Xerox about 4 each.

The averages were dragged down by du Pont's loss of more than 3.

Rails gave ground sharply, with Pennsylvania, Baltimore & Ohio and Southern Pacific all down a point or more and New York Central down 3.

Airlines also met some sharp profit taking. United lost 4, Eastern 2 and Pan American more than a point.

Two-point losers included Westinghouse Electric, Raytheon, Sunbeam Mining and Texas Gulf Sulphur.

Anacostia slipped nearly 4, Kennecott close to 3.

Vanco Metals, reported to be acquired by Teledyne Inc., shaved a point from the rise.

Metro-Goldwyn-Mayer showed continued strength, rising about 1 1/2.

Collins Radio, whose rise continued last week, was off more than 1.

Steels, utilities, farm implements, most rubbers and tobacco stood pretty firm on balance.

Prices were irregularly lower on the American Stock Exchange in heavy trading. Dow Jones Industrial Average, 921.04, down 11.30. 30 Industrials, 921.26, down 11.08. 20 Rails, 255.84, down 4.06. 15 Utilities, 139.51, 0.42. 65 Stocks, 330.79, down 3.95.

ISU-IDAHO BATTLE WAGES HERE TONIGHT

Neutral Site Playoff Is Expected to Provide Fast, Even Non-Loop Tilt

Idaho State University and University of Idaho basketball teams poised for a season ending "rubber match" battle in the Twin Falls gymnasium at 8 p.m. Monday with both sides pointing toward victory. Idaho arrived in midafternoon to a small reception at Joslin Field Sunday and took a 30-minute workout in the high school gymnasium. The Bengals from Pocatello entered quietly and coach Claude Retherford had his boys tucked away early in the evening. Box office and doors will open about 6:30 p.m. and game officials noted there will be plenty of space available.

Pro Football Holds No Lure for Bryant

PENSACOLA, Fla., (AP)—The Bulging pocketbooks of the booming professional football game hold no lure for Paul (Bear) Bryant, coach of Alabama's national champions. He prefers to stick with the college boys—and his alma mater at Tuscaloosa. "The pros do a terrific job, but they never interested me," the pride of Fordyce, Ark., said Friday. "I'd much rather coach the unfinished product. "My biggest kick in this business is taking a boy not blessed with ability and watching him develop, through dedication and hard work, into a winning player. "The pros can't give that to me."

Bryant, successful at Maryland, Kentucky and Texas A and M before returning to Alabama, for years has been rated one of the top coaches in college football.

Through the years, the pros have tried to draw him into the big time. The offers never officially revealed, are reported to have been fabulous.

If quarterback Joe Namath is worth \$400,000 to the New York Jets, wouldn't the man who helped fashion him be worth five times that figure? The Washington Redskins, who recently signed Otto Graham as coach, were particularly interested.

The bear wasn't interested. "I've had offers," Bryant said. "The pros are not for me." Bryant's salary is said to be \$25,000 a year. But he has his own television show in Tuscaloosa, is connected with a soft drink firm and has other sources of income.

Senior Bowling Tourney to Be Held at Gooding

GOODING — Gooding's senior bowlers will play host to the Magic Valley Invitational Bowling Tournament at the Gooding Ranch Bowl Sunday March 13.

Senior teams have entered from Burley, Twin Falls, Kimberly and Jerome. Three of the four Gooding senior teams recently won first, second and third place trophies in the Twin Falls Seniors tournament.

The teams will start at 10 a.m. and doubles and singles will follow at 1 p.m. The meet is considered a tuneup for the first State Senior Bowling Tournament set for early next year.

Further information may be obtained by contacting Bob Lyon or Leon Goodman at the Ranch Bowl.

PLANS RETIREMENT
HANOVER, N. H. (AP) — Ed die Jeremiah, whose Dartmouth hockey teams have won 301 games and nine Ivy League titles in his 25 years as coach, announced Saturday he plans to retire after the 1966-67 season.

Upsets May Mark Major Tournaments

By The Associated Press

College basketball's two major post-season tournaments, the NCAA and the National Invitation, get under way this week and if Saturday's wave of upsets is any criterion, surprises are in store.

The Kentucky Wildcats and the Texas Western Miners, the country's only major unbeaten and ranked one-two in the Associated Press poll, were toppled. Each had 23-0 records.

Kentucky took it on the chin at Tennessee, 69-62, behind Ron Wadley's 22 points. Seattle nipped Texas Western at Seattle 74-72 on Tom Westman's basket with 55 seconds left.

In other upsets Mississippi State downed fifth-ranked Vanderbilt 92-90; Colorado whipped ninth-ranked Nebraska 95-88; Indiana toppled Michigan State 86-76, thus giving Michigan the Big Ten title; Villanova humbled De Paul 76-73; Rutgers beat Penn State 71-61; and NYU scored over St. John's of New York 67-58.

The third-ranked Duke Blue Devils and the No. 6 Kansas Jayhawks averted joining the upset list by coming from behind for victories.

Saturday's surprises give hope to followers of the underdogs in the NCAA first round Monday night at three regional sites.

This is the NCAA line-up, with the teams' won-lost records, through Saturday night: At Blacksburg, Va., St. Joseph's, Pa., 22-4 vs. Providence, 22-4, and Davidson, 20-5, vs. Rhode Island, 20-7.

At Kent, Ohio, Dayton, 22-4, vs. Miami of Ohio, 18-6, and Chicago Loyola, 22-2, vs. Western Kentucky, 23-2.

At Wichita, Kan., Texas Western, 23-1, vs. Oklahoma City, 24-4, and Houston 21-5, vs. Colorado State, 14-7.

76ers Nip Celts, Take Over First

BOSTON (AP) — The Philadelphia 76ers sparked by Wilt Chamberlain's 32 points moved ahead of Boston into first place in the National Basketball Association's torrid Eastern Division race Sunday by edging the perennial champion Celtics 113-110.

The teams have split two Big Sky Conference meetings, each winning at home. The "King Spud" trophy goes on the line in this rubber match which will count only in the hearts and minds of alumni of the two respective institutions. The result is expected to be a furiously paced, even basketball game.

Idaho mentor Jim Goddard said it was difficult to compare the two games played previously and draw a conclusion on this neutral site battle.

"At our place (Moscow) we outscored them by some 20 rebounds," he said. "I think this had a great deal to do with our winning. At Pocatello we played without Dave Scholtz (6 feet, 8 inches) and that hurt us in rebounding. I felt ISU was tremendously psyched up for the Pocatello game. They hit about 70 per cent against us in the first half and there's no way to beat that."

About ISU's outstanding shooter Dave Wagon, coach Goddard said "This may sound a little silly but I didn't feel that Wagon killed us in the Pocatello game. Now don't get me wrong. He scored 40 points on us and was fantastic, particularly in the first half. He made shots I didn't know a person could get off. His display was tremendous. But we went into the game figuring Wagon was going to get 30 points on an average night, 40 on a real good one. What killed us was the 74 points the rest of the team got. They beat us there with great team shooting."

"We have a couple of defensive wrinkles we hope will slow Wagon up a little tomorrow (Monday) night, but we can't expect to hold a boy of this caliber to something like 10 or 15 points. Our hope is to keep his teammates from equaling their points effort," Goddard concluded.

In discussing his own team Goddard said the Vandals had a couple of nuisance injuries that will slow down a player or two but nothing very drastic.

"I want the fans to get a good look at Jerry Skafke, though," he added. "I think Skafke is the most total ballplayer I've seen in a long time. He can do it all." Asked his opinion of the game ISC coach Claude Retherford said "I don't know what to expect. This is the first time I've ever had a game after the season was over."

Retherford expressed concern over the condition of Wagon, "who's had bronchitis for the past week" and Boone, who has a hip pointer.

"We are hurt a little bit. Our team isn't in top physical condition. By Monday night we'll have played three games in four days and that doesn't exactly thrill me," Retherford said. Idaho and ISC both are doomed to losing seasons, the Bengals winding up last in the Big Sky Conference with Idaho only a game ahead.

WELCOMING THE VANDALS of the University of Idaho to Twin Falls at the airport Sunday afternoon is area booster President Hank Woodall, left. Woodall is greeting team captain Jerry Skafke and Coach Jim Goddard. The Vandals meet ISU at 8 p.m. Monday in the Twin Falls gymnasium. (Times-News photo)

Colorado Skiers Top Jaycee Meet

GRAND RAPIDS, Minn. (AP) — A team of boys from mountainous Colorado ran away with the National Junior Jaycee Ski meet Sunday, placing winners in all four events.

Mike Cowan of Gunnison, Colo., was a double winner in the slalom events in the junior class for boys 8 to 11.

He zipped down the 200-yard slalom course with total time of 67.15 seconds for two runs over the Sugar Hills course at this northern Minnesota resort community.

In the giant slalom of 250 yards, he had a best time of 27.9 for one of his two runs, which was the scoring factor.

Chris Klingsmith of Gunnison placed first in the slalom for the prep class, ages 12 and 13. He had a time of 65.5 for two runs.

Arve Erickson of Colorado Springs won first in that class for the giant slalom with a best time of 25.8 seconds.

Jumping and cross country events were held Saturday at Cloquet, Minn. Colorado was a double winner then, with Craig Ward and Raoul Willie, both of Aspen, taking two of the four events.

Colorado had a team score of 735.85 points, Washington State was second with 694.01; Nevada third with 679.03 and Minnesota fourth at 594.11.

About 50 boys from eight states competed.

Devils, Mushers Meet Tonight For A-4 Crown and State Berth

GOODING—The Fifth district A-4 championship and a state tournament berth will be the targets at 7 p.m. Monday when the Dietrich Blue Devils meet the Camas County Mushers in the Gooding State Gym for the fifth time in the 1965-66 basketball season. Both teams have sustained one loss thus far in the tourney. The Devils have dropped the Mushers and Carey upset Dietrich 61-59 in an over-

Gonzaga Hits Late to Drop Portland

SPOKANE, Wash. (AP) — Gonzaga pulled into the lead with 28 seconds left in the game, and then scored two points for an 81-74 basketball victory Sunday over Portland in non-conference action.

Gonzaga Gary Leachman scored his 31st and 32nd points of the game with 28 seconds left, putting Gonzaga in a 79-78 lead.

Portland's final effort failed and Chuck Thomas, with three seconds left, hit two free throws for Gonzaga.

Leachman was high point man with his 32.

Portland's back court combination of Ed Clark and Paul Gloden scored 58 points as Clark tossed 31 and Gloden 27.

Together, they quickly shot down Gonzaga's 39-36 halftime edge and with 7:18 to play had given Portland a 76-61 lead.

That was when Gonzaga went into a halfcourt press tactic, eroding the Portland lead and eventually taking it over.

time Friday night. The Devils, however, came back Saturday night to drop Carey 50-43 while Camas County drew a bye until Monday, after ousting Hagerman.

The Devils, beaten only twice this season, both times by Carey, are slight favorites to take the title after already having pocketed the Northside Conference title with an 11-1 record. Dietrich's season record was 18-1.

The Mushers ended the season with an 8-4 mark and a second-place tie with Hagerman.

The Devils will be relying heavily on the scoring of Ron Knowles and the rebound of Byron Weiss. Knowles holds the all-time Northside Conference season scoring record with 453 points and has had a high game of 41 points.

Mike Cook will be the Mushers' big hope in the shooting department. Cook has had several 20-point nights, but is far behind Knowles in the total scoring department. The Mushers' tallest player is Max Muffley, who stands an even six feet. Weiss is 6-2, giving him a slight edge on the boards.

The Mushers will fight for this

title as hard, or even harder, than they did when Dietrich invaded Fairfield Feb. 4 and ended the Mushers' 41-game home-court winning streak by a narrow 51-52.

But then, the Devils have more at stake in Monday's game and will be playing as tough as they know how.

The winner of the district meet will travel to Lewiston Thursday. Play in the single elimination consolation tourney will begin at 1:30 p.m. with three games to follow. Four more games will be played Friday, two consolation and two championship, and two Saturday to decide the state champ.

Monday's victor will meet Kendrick in the first game of the day while another area team, Castleford, will take on Council in the third game Thursday.

Royals Smash Pistons 137-125

DETROIT (AP) — The scoring of Oscar Robertson, Jack Twyman and Wayne Embry, plus Jerry Lucas' rebounding, enabled the Cincinnati Royals to smash the Detroit Pistons 137-125 Sunday in a National Basketball Association game.

Robertson pumped in 30 points and picked up 13 assists. Twyman had 22 points. Embry turned in his high game of the season with 21 points. He also grabbed 15 rebounds.

Lucas, dominating both boards, nailed 26 rebounds.

Beavers End UCLA Reign Atop PAC

By The Associated Press

Virtually unnoticed at the outset of the 1965-66 season, Oregon State now wears the Pacific Athletic Conference basketball crown.

In winning it the Beavers snapped UCLA's half-decade domination of league play. The Bruins had won four conference titles in five years, and for the last two years went on to become NCAA national champions.

OSU finished with a 12-2 conference record and 20-6 for the season. Runner-up UCLA was 10-4 in the circuit and 18-8 overall.

Other conference records, in order: Stanford 8-6, Southern Cal 6-8, Oregon 6-8, Washington State 5-3, Washington 4-9 and California 4-10.

Coach Paul Valenti started the season at OSU by losing 79-35 to UCLA. It is a tribute to his defensive coaching skill that his squad won the title scoring fewer points than any other PAC member — 1,567 — and allowing fewer — 1,393.

Looking back to that night, when UCLA walked over the future PAC winner, Bruin coach Johnny Wooden concluded:

"That was a bad night for the Beavers and the experts have not done justice since to the great poise of the team and excellent coaching of Paul Valenti."

Wooden picks the Beavers to go on to win the NCAA Western Regionals which open in the Bruin pavilion next Friday.

The Beavers downed Oregon 49-42 Friday and 68-54 Saturday. OSU captain Charlie White distinguished himself in the latter game, as he has all season, by leading team scoring with 16 points—14 of them in the second half. But he was outdone by Oregon's Jim Barnett, who made 25 for a three-year total of 1,425 points, best ever at his school.

Notre Dame Athletes Are Said Favored

SOUTH BEND, Ind. (AP) — A campus newspaper has charged that Notre Dame athletes are receiving preferential treatment in course scheduling and grading.

Steve Feldhaus, editor of The Voice, said 84 per cent of the 100 Notre Dame students he polled agreed with him.

"It seems some athletes are getting away with more than they should," the government major from Lawrenceburg, Tenn., said.

Feldhaus said there had been mixed reactions since he stated his case in an editorial Feb. 10. A majority of the faculty members said he was wrong and said they believed athletes in their classes performed as other students, Feldhaus continued.

However, he noted that some teachers agreed with him.

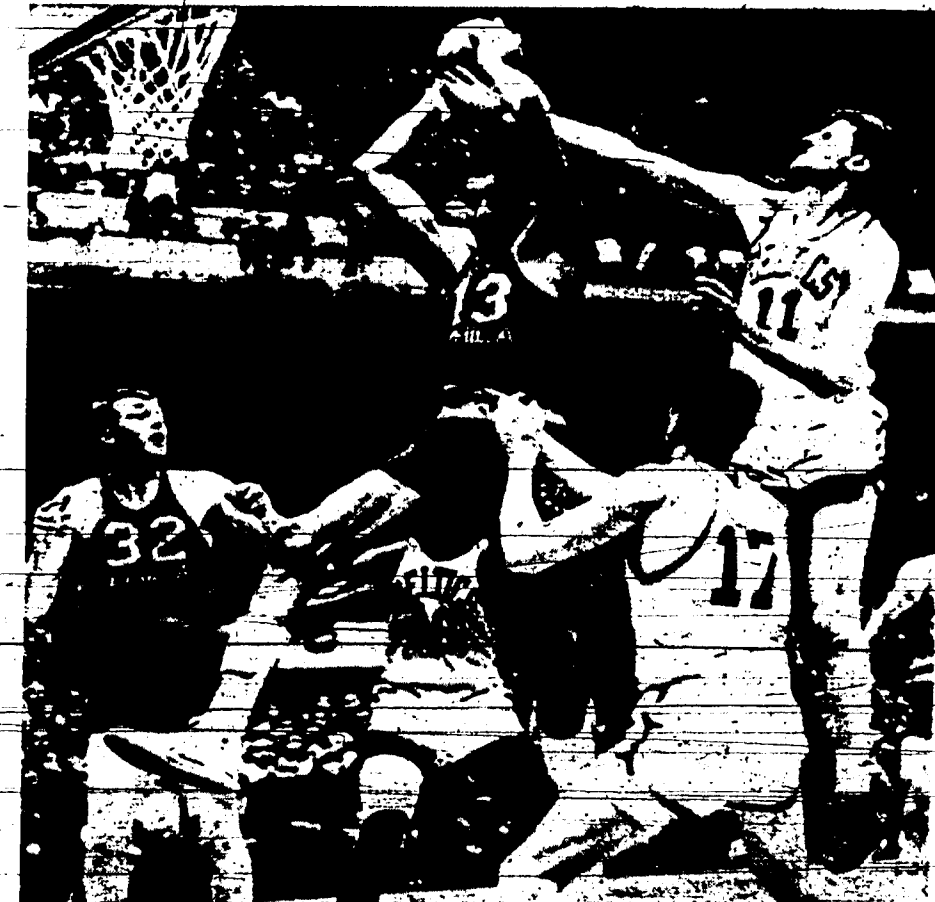

Feldhaus said the university administration has not made an official statement to him.

Feldhaus also cited what he called violations against the honor code used at Notre Dame. He said he found a disproportionately lower number of reported violations against athletes, but he would not name any particular case.

Beattie Says American Skiers Need To Be Stronger, Tougher to Compete

LAKE TAHOE, Calif. (AP) — The surprising results of the girls prove that we can train in this country and compete favorably in Europe," Beattie said.

Kidd and Heuga won medals on the U.S. alpine ski team Beattie coached in 1964.

"The emergence of Billy Kidd as one of the top racers in the world has given us great prestige as a nation," Beattie said.

"Never before has a racer created such a stir. He still has much to learn but for the first time Europeans are looking at an American to see how to ski better technically."

Beattie wants more competitive meets in North America, although he said the U.S. championships at Stowe, Vt., and the Buddy Werner race at Sun Valley this month "are getting tremendous attention worldwide."

He suggested top junior racers compete on the senior circuit.

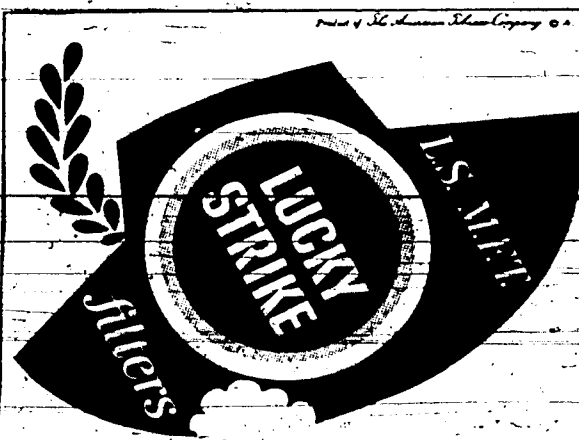

The top junior girls in the Far West, Vicki Jones and Penny McCoy, are doing that, passing up the junior nationals to compete in the senior championships at Stowe.

American skiers are competing for places on the U.S. team for the international championships at Portillo, Chile, next summer. The team will be named at a qualification meet at South Lake Tahoe, Calif., April 1-3.

Beattie said, "We must develop a much more aggressive concept all the way down to our junior level. The competitive travel throughout the country I see racers holding back. This must change."

The U.S. team trained at Vail, Colo.

Toronto Picked as Site For Clay-Terrell Fight; Disapproval Is Unlikely

TORONTO (AP)—An official of Maple Leaf Gardens said Sunday that the Cassius Clay-Ernie Terrell fight would be held in Toronto—but there still seemed to be some questions. "The fight will take place in our building," said Harold Ballard, executive vice president of the Gardens, then added: "Unless there is disapproval from the Ontario government. But we have semi-approval." The fight promoters, however, continued to insist that they have a site in Canada but won't name it until Monday. "We want to let it cook overnight so we can be sure we have the site," said Mike Malitz of Main Bout Inc., in New York.

Sanders May Bypass Doral Open Tourney

PENSACOLA, Fla. (AP)—An embittered Doug Sanders, shaken by his disqualification in the Pensacola Open Golf Tournament, said Sunday he may not play in the Doral Open next week in Miami. However, friends said they believed Sanders would change his mind once the hurt of Saturday's sensational decision had softened. "If I pull out now they may hit me with a \$500 fine," the flamboyant professional from Ojai, Calif., said. "Since I'm committed, I can't withdraw except for illness, but I'm sick. I'm sick to the bottom of my toes."

Brewer Ahead Six Strokes At Pensacola

PENSACOLA, Fla. (AP)—Gay Brewer Jr., given a free lift to the top with the disqualification of Doug Sanders, showed his appreciation Sunday by firing a five-under-par 67 and taking a six stroke lead in the \$65,000 Pensacola Open Golf Tournament.

Canning birdies in clusters, the 33-year-old Dallas, Tex., pro had a 15-under-par total of 201 with one round to play. This put him virtually out of reach in the showdown for the \$10,000 first prize.

"Really, this cost me around \$25,000," Sanders said. "I have connections with various companies which pay bonuses for tournament victories."

Sanders was disqualified under U.S. Golf Association rules — Rule no. 38, Section 2 — which requires each contestant to check his score for each hole, make sure the scorekeeper has signed the card and then sign the card himself.

"He fulfilled all these requirements except one. In the confusion after his brilliant round, he didn't sign the card himself."

"I checked my card three times," Sanders said. "I forgot to sign it. But there were circumstances that the PGA should have taken into consideration."

"Kids were all around me, people were hollering, photographers were snapping pictures and someone was tugging at me to get me to hurry to the press room."

Sanders said he believed that if the same thing had happened to Arnold Palmer or Jack Nicklaus, no subsequent action would have been taken.

"They'd never disqualify one of those guys," he said bitterly. The decision was made by Jack Tuthill, PGA tournament supervisor. Tuthill pointed out that he regretted it but he was forced to act under the rules.

Other players said they thought the rule was severe but, since it was in the books, it had to be enforced.

"I was playing the greatest golf of my life because I was really concentrating and working at it," Sanders said. "Now I feel like a balloon that's been punctured. I feel like somebody invited me here for an ice cream cone and handed me a stick of dynamite with the fuse lit."

Beavers Win

SEATTLE (AP)—Oregon State captured the AAUW wrestling championship Saturday night with a powerful performance in the finals at Washington's Edmundson Pavilion.

The Beaver champions included Ron Twinkl, 115-pound third class; Lee Sprague, 145; Jim Quinn, 160, and Mike Walker, 177.

Despite Ballard's announcement, Ontario Athletic Commissioner Merv McKenzie indicated the government may have something to say. He said he plans to check with Ontario Labor Minister Leslie Rowntree Monday. The athletic commission falls under his department.

McKenzie said, "This is a world championship bout. I also want to clear up whatever political overtones the government might be sensitive to concerning Clay."

The fight has been on the run since Clay sounded off after being reclassified 1-A in the draft. The fight has been invited out of Chicago, Montreal and the Montreal suburb of Verdun, Que., since then.

Malitz said that other members of the promotion, including attorney Robert Arum of Main Bout, met with officials in the undisclosed city Sunday and would remain there until the announcement is made.

"They want to stay right there," he said, "so we don't have another Montreal farce. If there's a change of heart, we want to know it first so we don't come up with egg on our faces."

Malitz referred to last Thursday when Montreal officials turned down the fight after, according to Malitz, they had agreed to stage it.

Arum said in Montreal, Saturday that he and Loren Cassina of All-Canada Sports Ltd., had narrowed the search to five cities. He wouldn't say at the time whether they are in Canada or the United States.

Before that announcement, Arum named three Canadian cities which he said were being considered — Sorel, Que., Quebec City and Edmonton, the capital of Alberta. He also said four U.S. cities were under consideration but declined to name them.

Toronto also was considered as an outside possibility.

Other sites besides Montreal that have turned down the fight include New York, Chicago, Pittsburgh, Louisville, the state of Maine and Verdun, Que.

Various controversies have hampered the Clay-Terrell fight in the search for a home, mainly Clay's blast at being reclassified in the draft.

His Louisville, Ky., draft board recently changed him from 1-y, an exempt category, to 1-a and made him subject to induction into the Army.

He has appealed the move and is due to have a hearing in Louisville March 17.

RECORD BREAKER SMILES for the cameraman after making the first 17-foot indoor pole vault Saturday night at Albuquerque, N. M. Bob Seagren, 18-year-old Glendale (Calif.) City College sophomore, set the mark at 17 feet, 1/4 inch. The vault came in the AAU United States Championships. (AP wirephoto)

Seagren Becomes First to Top 17-Foot Pole Vault Indoors

ALBUQUERQUE, N. M. (AP)—Bob Seagren hit the height his celebrated roommate had been shooting for—and became the first man ever to pole vault 17 feet indoors. The 19-year-old sophomore from Glendale City College in California climaxed the record-laden National AAU Indoor track and field championships Saturday night when he rode the leverage of his fiberglass pole to 17 feet, 1/4 inch.

That eclipsed the world indoor mark of 16-10 set by John Pennel, a close friend of Seagren's who shares an apartment in Glendale with the younger athlete.

Pennel was the first to do 17 feet outdoors and has been striving for that height all during the indoor season. But he missed Saturday night, while Seagren succeeded, and tied Jeff Chase of Santa Clara, Calif., at 16-6.

Seagren cleared 17 1/4 on his second try, then missed three attempts at 17-4 1/2.

Four other world indoor records were bettered, all by women, another was tied by high school sophomore Bill Gaines of Mulliken Hills, N.J., and meet records fell in several other events.

Edith McGuire and Wyomia Tyus, two Olympic gold medalists from Tennessee State, accounted for women's records. Miss McGuire did the 220 yards in 24.1 and Miss Tyus won the 60-yard dash in 6.5.

Charlotte Cook, an 18-year-old high school girl from Los Angeles, took the women's 440 in the world record time of 54.2 and Zsuzsa Nagy-Szabo of Hungary recaptured the women's indoor record in the 880 with a 2:08.6.

Gaines tied the men's world indoor mark of 5.9 in the 60-yard dash in the trials, then shaded Richmond Flowers, the Tennessee freshman star, in the final. Both were timed in 6.0.

Willie Davenport from Southern University of Louisiana also beat Flowers, in the 60-yard high hurdles, setting a meet mark of 6.9.

Seagren and Pennel paced the Southern California Striders to the men's team title, while Tennessee State easily ran off with the women's championship.

Skiers Face Tough Slope at Sun Valley

SUN VALLEY—A mile-a minute downhill course, unbroken by level spots, faces the world's top racers gathering at Sun Valley March 24-27 for the American International Team race. The new Warm Springs International race course on the north side of Baldy Mountain, a continuous, plummeting 3,200 feet of challenging terrain, promises to make racing history.

Racers heading off the top of the mountain will reach their maximum speed before they are one quarter of the way down the two and one half mile course. This is a spot that can be easily reached by spectators who can handle intermediate slopes on skis.

From there on racers will have to hold this tremendous speed, checking only at the twelve or fourteen gates that will control the hazards of the course. On the middle third of the course there are rolls and bumps on which skiers will be airborne time and again. This intermediate section of the course can also be reached by intermediate as well as expert skiers.

Non-skiers will have a good view of the end of the course, a steep pitch that will also have its quota of thrills.

The program for the International race is as follows: Thursday, March 24, slalom, Holiday run; Friday, March 25, downhill, Warm Springs International; Saturday, March 26, giant slalom, Holiday run; Sunday, March 27, special slalom, an individual rather than team event. Holiday run. All races will be in the mornings, starting times depending upon weather conditions.

A great advantage of the locations chosen for the races is that they will in no way interfere with ski school classes. Guests can combine their own week or week-end of skiing with a chance to view the latest in racing techniques.

GLASGOW, Mont. (AP)—Ever hear skiers complain about too much snow?

If they could have gone skiing, it wouldn't have been so bad. But when snow blocked train tracks across North Dakota, a group of about 65 skiers from the Minneapolis-St. Paul area began to worry about their jobs.

The members of the Minnesota Mining Co. and Twin Cities Sitemark ski clubs were delayed in Glasgow from Saturday night until about 2 p.m. Sunday.

A train official said the group probably would arrive home sometime Monday, but not in time for work.

Tie In Big Sky May End In Playoff

By The Associated Press

Gonzaga had it virtually wrapped up a long time ago.

The Bulldogs had an 8-2, winless record in Big Sky basketball with no conference games left.

Weber State, the defending champions, were 6-2 but had to go against the strong Montana State Bobcats and Montana Grizzlies.

The Wildcats showed championship caliber and beat the Bobcats 100-76 Friday night and the Grizzlies 106-82 Saturday night.

That put them into a tie with Gonzaga for the Big Sky crown. What happens now?

Jack Friel, conference commissioner, says he will see if the squads want to play off for the conference championship.

The Saturday night game was Weber State's season win. Gonzaga had its last game Sunday against non-conference Portland University.

Eddie Tillman scored 30 points for Weber and his teammate, Gene Visscher, hit 27 against Montana.

Montana State came back in its last game, beating Idaho State 104-84 in Pocatello. MST's Tom Storm scored 31 points but ISU's Dave Wagoner hit for 34.

Wagoner was the second high scorer in collegiate basketball this season. His No. 24 jersey was retired to the trophy case during special halftime ceremonies Saturday night.

Montana finished third in the final Big Sky standings with six victories and four defeats. Montana State was 5-5, Idaho 2-8 and Idaho State 1-9.
